MEMORANDUM FOR: Chief, Product Review Division, IC Staff

SUBJECT : Article for Upcoming RONI

Dick,

1. Attached is a cleaned-up version of the proposed article for the next Review of National Intelligence which I had showed you earlier. It also contains a sentence which had inadvertently been left out of the earlier draft, and which puts in a nutshell the "why" of why we underestimate with good evidence and overestimate in its absence. Let me know if you still think this point needs further expansion.

2. You have my permission to use the article as you wish in the RONI.
